OUR SERVICES

Does your dog need a dog grooming service?

Nice to meet you. My name is Karol, and I love dogs! Therefore, if your dog, no matter the size or breed, needs a bath or grooming service, bring it to me, and I will do everything with great care and professionalism.

I offer from just a bath to complete grooming and nail clipping for your dog.

As a home salon, I will provide you it with a fun and safe experience. Here, your dog will have a unique and individual treatment. Each dog has its own appointment time. That way, I can give my full attention. It also means I have a calmer, less stressful environment for your pet.

All care your dog needs!
